

Attorney's Docket No.: 06618/664001

REMARKS

Reconsideration and allowance of the above-amended application are respectfully requested.

Applicant has cancelled all rejected and withdrawn claims to place the application in full condition for allowance. Hence, Claims 1-18 and Claims 20-39 are currently canceled. As such, all rejections and objections have been obviated and thus should be withdrawn.

New Claims 52-64 have been added as dependent claims of the allowed base Claim 40 and thus are allowable based on the claim dependency and on their own merits. In addition, new Claims 65-73 have been added as dependent claims of the allowed base Claim 49 and thus are allowable based on the claim dependency and on their own merits. Each of Claims 52-73 is fully supported by the original specification and thus does not add new matter.

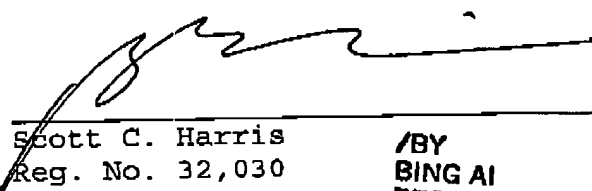

In view of the above, there is no outstanding issue with respect to pending claims and the application is now in full condition for allowance. An official notice to this effect is respectfully solicited.

The drawings currently on file are informal. Applicant is preparing a set of formal drawings and will file the formal drawings in due course.
